LAND ACQUISITION - Bellary District - Hospet taluk and town - S.No.100-B - For hutting area for the poor Beriz deduction as a temporary measure - Proposals.

...

S.No.100-B 8.99 acres of Hospet town of Hospet taluk has been acquired for a hutting area for the poor under the declaration approved in G.O.No.R.116.L.A. dated 30.1.41 and published at page 112 of the Fort St. George Gazette, part I-A dated 11.2.41. It is an unenfranchised religious inam granted for the maintenance of Viraktha Matam at Hospet.

2. As the Trustee is not competent to alienate the land the Kudivaram interest in the land amounting to Rs.2637-13-3 was deposited in the District Court, Bellary under Sec:31(2) of the Land Acquisition Act. As regards the Melvaram interest the proportionate net assessment guaranteed to the inamdar at the time of the settlement of the inam has now been fixed. It is Rs.12-10-10. The inam was confirmed on 2.5.1861 according to the Inam Fair Register and it is over 60 years old at the time of acquisition. As there is no land at the disposal of the Government for granting in exchange, the grant of a beriz deduction every year for the melvaram interest is recommended. An application in the prescribed form is enclosed for obtaining the sanction of Government to the grant of beriz deduction. The District Judge, Bellary has not passed orders on the amount deposited into his court up to now. The sanction of the Government may be obtained for the grant of beriz deduction

eduction as a ~~x~~ temporary measure.

3. A copy of the award and extracts from the Inam Fair egister and Inam B register are enclosed.

To 15 C

From the extract of the I.B. Regr. submitted with the Coll.'s letter read above, it is seen that the inam bears an excess charge of Re 0-10-0. When a portion of such an inam is acquired, the portion or so much of it as bears an assessment equal to the excess charge should be treated as the excess area taken up and for this purpose, the latest Settlement assessment should be taken into consideration and not the pairmash assessment. The Coll's attention is in this connection invited to the instructions issued in B.P Mis No. 3446 dated 6.11.37.

2. The Compensation statement-

should be revised as follows:-

(1) The area covered by the excess charge of Re 0-10-0 should be first ascertained according to para (2) above;

(2) The amount of betty deduction on the remaining extent (not covered by the excess charge) shd be calculated with ref. to the resurvey extent and the paimash assessment, taking the figures for the dry and wet portions respectively

(3) As the proposal is only to sanction betty deduction as a temporary measure, and as the excess charge in such cases should not be reduced, the total of the amounts arrived at in items (1) and (2) above shd be shown in Col. 19 of the statement as betty deduction only.

3. The Coll is requested to revise the Compensation Statt accordingly and resubmit it.

Land Acquisition - (Bellary) - Hospet taluk and town - S. No. 100-B - Beriz deduction - Proposals.

Ref: Board's Ref. I. No. 2190/41-1 dated 21-5-41.

The inam, in the present case, consists of dry and wet lands. The excess charge is shown against the wet land and not against the dry lands. The acquisition is in respect of the dry land. The instructions in B.P. Mis. No. 3446, dated 6-11-37 do not specify whether the settlement assessment on dry or on wet or the total assessment of the inam should be taken into consideration for the purpose of calculating the excess area. The excess area has now been calculated with reference to the wet land to which the excess charge relates, and the excess area thus obtained has been deducted from the area acquired in dry land and the beriz deduction has been calculated on the remaining extent with reference to the resurvey extent and the Paimash assessment relating to the dry lands only. The amount thus arrived at is shown in column (8) of the statement. As the present proposal is only to sanction beriz deduction as a temporary measure, the excess charge and the beriz deduction on the full acquired extent i.e., 8.99 acres are shown in column (19) of

of the statement as instructed by the Board.

2. The enclosures received with the Board's reference cited above and the revised statement are submitted herewith.

Land Acquisition Officer

S.No.100-B, measuring 8-99 acres of Hospet is to be acquired on behalf of the Hospet Municipality for hutting area for the poor. It is an unenfranchised religious inam dry granted in 1861 for the maintenance of "Virakta Matam" at Hospet. It is now under the management of Sri Kottur Swamy.

2. Sri Kottur Swamy claims compensation at Rs.1750/- per acre. The ryots and the village officers estimate its value at Rs.600/- per acre. The Tahsildar values it at Rs.250/- per acre. It is fit for building site. But at present the people are not showing any inclination to move towards the side of this land. It was inspected by Mr. M.Karamatullah, the previous Sub-Collector, on 20-8-40 and valued by him at Rs.222/- per acre. No land adjoining this land was sold during the last three years.

3. The Manager's claim for compensation at Rs.1750/- an acre is based on two sale deeds. According to them a part of S.No. 96, measuring about $6\frac{2}{3}$ cents was sold for Rs.350/- on 3-3-37 at Rs.5250/- per acre and about 62 cents ~~was sold~~ in S.No.102-B was sold for Rs.900/- along with some slabs on 19-4-32 at Rs.1450/- per acre. These two lands lie immediately abutting a road, and do not adjoin the land now proposed to be acquired. In the former case, the purchaser was the owner himself who had in his possession, part of the same land, and was anxious to have the entire land for himself. Naturally, he was prepared to pay any price to have it. The sale deed in the latter case relates to 1932 and in this, the site sold lay immediately abutting a road. So these documents do not help in fixing the value of the present land, which does not adjoin any road. Another land in S.No.117-B measuring 4-19 acres lying to the south, at some distance from the present land, was sold for Rs.290/- on 14-5-37 and here the value works out to Rs.69/- per acre.

4. The land in its present condition is an agricultural land. There is no proposal of any kind at present under the consideration of the Municipal Council to improve the locality around this land so as to justify taking into consideration the fact of the land being put to such future advantages. There is a burial ground nearby and an irrigation channel runs on the north. These two factors are

are a set back to any incentive for house-building on this side. There have been no sales nearby to show that the locality is much under demand. Taking all these into consideration I fix the value of the land at Rs.250/- per care. Accordingly, the compensation due at this rate, will be paid. There are trees valued at Rs.46-4-3 and their value will also be paid.

5. As the owner cannot alienate the land, the compensation amount will be deposited in the court.

6. This being a religious inam land, proposals will be submitted for the grant of beriz deduction, on account of the loss of assessment onthe land.
